Like most people I was skeptical when I learned about the device. I had taken pills and tried other methods but nothing seemed to work. When I came across the device on the Internet I immediately looked into it and after reading all the success stories and doctor approvals I was convinced, so I ordered the system.

The device was extremely easy to use and the instructional DVD provided answered all my questions. Not only is it easy to use, but comfortable as well. I have been wearing the device for 3-4 hours a day, 5 days a week. After about three weeks use I began to see results, this just made me into a believer and have been wearing the device now for 4 months. Not only have I noticed improvements, she has too. My confidence level is at all time high.

Thanks so much SizeGenetics!

Sincerely,

Joe
